

Good morning,

This week is your last chance to access the super-early bird passes for the **2nd Annual Nuclear Plant Digitalization Conference** (13-14 November, Charlotte NC).

As a NIRMA member you are entitled to an **exclusive discount in addition to the already discounted rate** – saving \$800 off the full pass rate. Use the discount code **NIRMA200** to register by Friday 25th August to get the best-value rate.

Top utilities will share expert insight at the conference, including **Exelon, Southern, Duke, Bruce Power, Luminant, Ameren, Fortum** and more, discussing digital upgrade timescales and key procurement opportunities.

[Register here with the code NIRMA200 by Friday 25th to save \\$800 off your pass!](#)

3 key reasons to register today:

- **Duke Energy, Bruce Power and Ameren join Exelon, Southern, Luminant, STPNOC & Fortum:** key decision makers from leading utilities confirmed to share insight on market openings, creating the optimal platform to showcase your product or service to key stakeholders
- **250+ attendees gather from leading utilities, major service providers, technology titans & disruptive innovators:** 30% more attendees than ever before gather to create the biggest business opportunity in 2017 for unrivalled networking
- **VP's, C-Level and Director attendees:** more executive attendees and higher-level speaker line-up than ever before, creating the best opportunity to share your pioneering solutions with key leaders in the digital innovation field
