

OCTOBER MONTHLY EMAIL for 2017

ANNUAL NIRMA CONFERENCE 2018:

SAVE the DATE! Mark your calendars for the next Annual NIRMA Conference 2018. It will be held on August 5-7. Start early talking to your management to approve your attendance and bring along co-worker(s) who would benefit from this amazing organization and all that it has to offer.

2ND ANNUAL NUCLEAR PLAN DIGITALIZATION CONFERENCE:

NIRMA is once again an industry partner with the **Nuclear Plant Digitalization Conference** event November 13-14 in Charlotte, NC where executives from utilities, tech companies, and service providers gather. This 2nd annual summit focuses on digital innovation to help deliver competitively priced nuclear power, with an umbrella over the core areas of predictive analytics, I&C upgrades, cyber security, records management and configuration management. NIRMA, as the nuclear industry's leader in information and records management since 1977, is uniquely qualified to provide guidance in the areas of quality records programs, regulatory compliance activities and electronic records initiatives. Board member, Janice Hoerber, will be facilitating a panel presentation that will highlight NIRMA's past, present, and future value on the journey toward nuclear digital innovation! The NIRMA partnership is proudly displayed on the Nuclear Energy Insider conference site.

NIRMA BOOTH at the ARMA CONFERENCE AND EXPO in ORLANDO, FLORIDA:

NIRMA will once again have a presence at the 2018 ARMA Conference and Expo that is happening in Orlando on October 15-17. Lona Smith and Michelle Smith will be representing and supporting the NIRMA booth this year.

PROFESSIONAL DEVELOPMENT OPPORTUNITIES in 2018:

Exam Prep: The ICRM Exam Prep session at the 2018 NIRMA conference will be covering the new Certified Records Analyst (CRA) certification. This certification demonstrates competency in the field and can improve opportunities for career advancement. It is achieved by passing Parts 2-4 of the CRM exam.

Nuclear Specialist: The Nuclear Information and Records Management Nuclear Specialist (CRM/NS) designation will be available electronically in 2018. By January, the application process will be online. The 100 question test will be available to take at Pearson Vue test facilities. The new process will replace the paper applications and exams.

ICRM'S NEWEST POST CERTIFICATION SPECIALITY DESIGNATION: CRM/Federal Specialist:

The Institute of Certified Records Managers (ICRM) announces its newest Post Certification Specialty Designation, the CRM/Federal Specialist, developed for CRMs whose field of professional practice involves Records and Information Management (RIM) programs of the U.S. Government, whether as Federal government employees, uniformed military, consultants or contractors. Link to press release:

For more information on this initiative, please contact the ICRM Administrator at admin@icrm.org or call (877) 244-3128.

JOB OPPORTUNITY - NIRMA PUBLICATIONS SPECIALIST

I am pleased to announce a job opportunity within the NIRMA Organization! The NIRMA Board is seeking interested applicants for the NIRMA Publications Specialist. The Position Description is available on the NIRMA website at <http://sharepoint.nirma.org/Lists/Career%20Opportunities/AllItems.aspx>.

Applicants should send a resume and portfolio/examples of their work experience to Rebecca Wessman, NIRMA President at rebecca.wessman@xenuclear.com **by close of business on Wednesday, October 11**. Please share this job posting with anyone external to NIRMA membership you feel would be a good candidate for this position.

Respectfully,
Rebecca Wessman, 2017 NIRMA President
Rebecca.Wessman@xenuclear.com
