Exhibitor Prospectus

The Nuclear Information and Records Management Association (NIRMA) is a not-for-profit professional association that exists to benefit highly regulated industries. With roots in nuclear energy, its goal is to assist individuals and their companies in developing and maintaining the technical foundation required for implementing a rigorous program for managing information.

NIRMA’s Industry Role - Supporting regulated nuclear and energy-related industries, agencies, and their regulators in the development, implementation and administration of documents, records, and information management processes to facilitate cost-effective operations and regulatory compliance.
